A CHILEAN VISITOR

SOUTH AMERICAN EDUCATOR TO STUDY OUR RURAL SCHOOLS

State Historical Society COLUMBIA

LEARN METHODS USED

Is Advised by P. G. Holden That Nodaway County Offers Exceptional Advantages Along This Line.

Nodaway county's rural schools—those having the course in vitalized agriculture are to be visited next week by the president of the state of National School at Santiago Chile, who has been commissioned by his government to study agricultural teaching methods and vocational education in the United States. The South American educator will arrive Sunday from Chicago.

The Chilean senor will visit the schools here at the instance of P. G. Holden head of the agricultural extension department of the International Harvester Co., having been directed to him by the government. In a letter to Superintendent Bert Cooper, Mr. Holden writes that having been asked where his time could be spent most profitably, advised that he visit the rural schools here as offering the greatest advantages in studying the things for which he has come to this country. Superintendent Cooper will arrange for visits to Lasher, Harmony, and several other schools where vitalized agriculture is taught.

The Chilean will also study Normal school methods while here and expects to spend at least a day at the Normal where he will be given opportunity to study the methods employed and see the workings of the system at first hand. Mr. Holden writes he has advised President Richardson of the coming of the South American.

On his return to his home in Chile he will establish a normal school for the preparation of teachers.

Superintendent and President Richardson will give the South American visitor every opportunity to study the methods employed and to see the work being done. Mr. Holden writes that he understands English but is able to express himself only with difficulty.

TO EXPLAIN INCOME TAX LAW

Tax Expert from Kansas City Will Hold Two Meetings at Court House Tomorrow—Citizens Urged To Attend.

...e tax law affecting ...ss and professional ... persons with stated incomes, few have been able to correctly interpret the law as regards filling out the forms that are required to be returned to the internal revenue department.

Theodore S. Cady, tax expert of the Fidelity Trust Co., of Kansas City, will be here tomorrow and will explain the workings of the income tax law and explain the requirements in filling out the various forms. Mr. Cady, who comes here at the instance of the Commercial Club to aid the citizens in this matter will hold two meetings, one in the afternoon at 2 o'clock and the other at 7:30 in the evening, both meetings to be in the circuit court room. The information given by Mr. Cady is free and it is urged that all who desire to know the requirements of the law attend one or both the meetings.

LIKES MEMORIAL SUGGESTION

Plan to Combine Memorial and Court House Approved by Editor of Hopkins Journal.

In our judgment the people of Barnard through Mr. Rush, editor of the Bulletin of that city, have struck the keynote so far as a suitable monument for the soldiers of Nodaway county is concerned. At a meeting in Maryville last Saturday Editor Rush suggested the plan, being to build a new court house for the benefit of the whole county, with an assembly hall large enough to meet the requirements of all county meetings with space reserved in the hall for a tablest for each Nodaway county boy who made the supreme sacrifice in the war with Germany. We need a new court house and all are anxious for a suitable monument for the soldiers, so here is a chance to secure both and by so doing every taxpayer in the county will contribute his mite and it will be so small that it will not be noticably missed by anyone. We believe the people of Hopkins township will favor such a plan and it ought to meet with widespread approval throughout the county.—Hopkins Journal.

GET READY FOR TRACK MEET

Annual Event This Year Will Probably Be Held May 10. It Is Stated by Cor. Sec. Swinehart.

Inquiries are daily being received by Corresponding Secretary Swinehart as to the date of the annual track meet to be held here. While it has been impossible because of conditions during the winter resulting from the influenza epidemic to set a definite date, it is more than likely that May 10 will be named on which the annual event will be held.

Interest in the track meet this year is greater than for several years according to Secretary Swinehart and schools all over the district are making preparation to take part in the various events that will be on the program. The lateness of the date this year it is believed will attract an unusually large number of entries and an increased attendance.

Play will start in the elimination events at 8:30 each morning and lovers of the sport will find a good game in progress at almost any hour of the day—morning, afternoon and evening. The Normal school will award a championship trophy cup to the winners of the tournament.

Never before has interest been so great and with a number of teams coming with a 1.000 per cent record there promises to be the keenest kind of competition. Swinehart are New Hampton Bethany Central and Benton of St. Joseph, Maitland, Richmond, Lathrop, Cameron, Skidmore, Hopkins, Excelsior Springs, Liberty, Mound City, Maryville, Chillicothe, King City and others. In several districts two teams will doubtless be scheduled for contests.

No team holding a percentage lower than .500 shall be eligible for championship honors. Each team will be required to show a schedule of not less than six games played during the season contests with schools not belonging to the association not to be counted. L. V. Brown of the K. C. A. C. at Kansas City will doubtless be selected to referee the tournament games

The coming two-day event is being looked forward to by basket ball enthusiasts all over the district for this has been one of the best year's the game has ever had among the high schools of the district and Corresponding Secretary Swinehart is in receipt of scores of communications weekly asking for information concerning the tournament A record attendance is expected by officials of the Association.

NO ALARM OVER MENINGITIS

Cases in the Guilford Neighborhood Are Reported Recovering—Source of Infection Not Known.

With an abatement of the epidemic of spinal meningitis which has prevailed in the vicinity of Guilford for the past three weeks but one new case having been reported it is stated there is no cause for alarm, as with the cooperation of the state health board County Physician Dr. H. S. Rowlett has taken steps to enforce a strict quarantine on any cases that may develop.

In a statement today to the Democrat-Forum by Cary Wray banker of Guilford, he said that most of the cases that had appeared had been outside the town and within a radius of eight miles, and that no alarm was felt that there would be a further spread. The cases that developed are all reported to be recovering not more than fifteen cases incldng deaths, had been reported. The matter was brought to the attention of the county court at once he said, by the people of Guilford and Dr. Frank Wallis ,then County Physician had at once established a quarantine that had resulted in the disease being kept under control.

Mr. Wray siad that no one there had any knowledge of the source of infection and that the belief that it was brought there by a Mormon missionary was but an idle rumor that had no foundation.

The new stamp bears the figure of Liberty Victorious, helmeted and with a sword in one hand and scales in the other. The whole design appears upon a shaded panel, with American, British, French, Belgian, and Italian flags draped for the blackground.

BUILD UP SCHOOLS

PRES. RICHARDSON URGES PLAN FOR RURAL DEVELOPMENT

ASKS FOR APPROPRIATION

Would Show What Can Be Accomplished When They Are Propertly Supported and Managed.

Jefferson City, Mo., March 6.—The development of a limited number of rural schools, especially selected to demonstrate possible improvement and the value of the small one-room country school when properly supported and supervised, is the object for which the state normal school of Maryville is asking an appropriation of $10,000. Dr. Ira Richardson, president of the normal, told the appropriations committees of the legislature the other night.

It is the intention of the normal authorities, he explained, to select a number of rural schools in the vicinity of Maryville and by arrangement with the school boards pay the teachers adequate salaries, see to it that the teachers so employed are thoroughly efficient, and supervise the buildings and equipments and conduct the schools to make them object lessons, both for the districts in which they are located and for the surrounding districts. This "rural school extension work," as Richardson called it, would also be a valuable demonstration and training for the normal school student, he said.

"I don't know what you gentlemen think about it," said the normal head," but in my opinion we are going to have the one-room rural school in Missouri for a long time, no matter what steps may be taken to improve our school system. We want to subsidize and build up some of these to show what can be accomplished when they are properly supported and managed, and to prove their value to the people of their districts."

Dr. Richardson also urged appropriations for new buildings at the normal, for agricultural education of the future teachers, and for increased salaries for faculty members without which, he said, the school might lose some of its most effective instructors.

BOOZE GETS FIVE IN TROUBLE

Conception Junction Men Were Unable to Resist Temptation to Take Liquor From Railway Truck.

Two suitcases filled with whisky stood on a truck at the Great Western depot at Conception Junction yesterday.

Both bore addresses, also an irresistable odor (from leaking bottles perhaps) that caused five men gathered on the platform to cast longing eyes in the direction of the contrabrand goods. With the railroad agent having neglected to remove the booze to a place of safety, the quintette formed itself into a committee of "ways and means."

The next act took place in County Prosecutor McCaffrey's office this morning when Lane Cogdil, Chas. and William Thompson, Virgil Lainheart and Ralph Fairbanks tried to explain their possession of the aforementioned liquor. Agreeing to make restitution to the railway company, and being advised that prosecution would be with held they were released from custody.

REDS' COUP FAILED

REPORTED SETTLEMENT HAS BEEN REACHED AT BERLIN

FIGHTING WAS FIERCE

If New Government Fails Allies Will Be Notified Germany Is Not Able to Carry Out Armistice Terms.

Copenhagen, March 6.—Settlement has been reached between the Berlin strike leaders and the government according to information from Berlin today. The strikers had the support of the Spartacides and in the fighting which accompanied the movement many persons were killed. It is reported that as a result of the agreement the soldiers and workmen's council will form an organized part of the constitution.

Earlier reports had said that Minister of War Noske was massing thousands of troops in the suburbs of Berlin and was preparing to crush the Spartacides by force. The Reds had smuggled a large amount of artillery into the city from Central Germany where the country is upset by labor troubles. Part of the city of Helle was wiped out by fires set by incindary bombs used in the fighting there.

The Spartacides have failed to carry out their coup in Berlin in connection with the general strike and it is felt that all danger is past said a Central News dispatch from Copenhagen. Minister of War Noske has 60,000 loyal troops under his command.

Berlin, March 6.—(via London, March 5.)—Street fighting between the Reds and government troops was renewed today and fierce battles raged back and forth through Alexanderplatz After the Reds captured a number of government tanks, the government forces agreed to negotiate. The Spartacides demanded possession of police headquarters and fighting is in progress as this dispatch is sent. Berlin is a veritable mad house.

Berlin, (March 5 via London) March 6.—Minister of War Noske will be appointed Dictator of Germany if the government collapses according to the belief expressed here today. The opinion was further expressed that if the government decided to give up the Allies will be informed that Germany cannot carry out the terms of the armistice and that there be further occupation of German territory by Allied troops.

THESE DURABLE SOLES WORN BY MILLIONS

"After giving Neolin Soles a thorough trial, I would not go back to the soles I used to wear even though the cost were less. I receive twice the service from shoes with Neolin Soles," writes G. P. Jones, of Omaha.

More than 10,000,000 pairs of Neolin Soles have been put on American shoes. People were quick to realize the advantages of this scientifically-made sole—its long wear, its comfort, waterproofness—and its final economy. Good shoe stores everywhere sell Neolin-soled shoes in many styles for men, women, and children.

And any repairman will re-sole your worn shoes with Neolin Soles—made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Smart Spring Coats

The top coat is finding instant favor with the women this season, because it fills a distinct place in the wardrobe, being light in weight, easily slipped on, short and comfortable, and it suits itself to almost any type of costume. Capes and cape coats are becoming almost as generally worn as the straight top coat. They have a distinguished air and are as becoming a fashion in coats as we have had for many a year.

Straight coats show novel sash belts, have groups of pockets of unusual shapes and show simple but convertible collars.

The materials are Duvet de laine, suede velour, silvertone, serges, poplins, coverts, tweeds and homespuns.

Black, navy, buftan, taupe, Pekin blue, rose, plum, khaki, Quaker gray, lapin and other Spring tones are here to choose from.

Prices range from..... $18.75 to $50.00
With unusual showing at..... $25.00, $29.50 and $35.00

Dainty Blouses

There is real grace and charm in the dainty Spring blouses which we have just received. Every woman has a place for one or more of these beautiful blouses in her Spring wardrobe.

They are of fine Georgette crepe in flesh, white, maize, tea rose and peach.

Some are beaded in various designs; some are in dainty tucked effects; others are in embroidered and lace trimmed styles.

The new round neck, the square neck and the V neck are all among the showing. Collars with hemstitching, lace trimmed and pleated frills are employed on many, while some are collarless.

These new Spring blouses are priced at $5.00, $6.75, $7.50, $8.75, $10.00, $12.75 and $15.00.

The hours were spent with needlework and Mrs. Hopper assisted by her daughter, Mrs. Margaret Bagley, served a delicious luncheon. Mrs. Hopper's mother, Mrs. Joy, who makes her home with the family, was a visitor at the club meeting. Mrs. Joy is 87 years old, and is dearly beloved and admired by all her acquaintances, and her presence with the club members was a great pleasure to them all. The next meeting will be March 19, with Mrs. Anna Stauble.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filterers of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning.

After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generations to come.

There is a splendid preparation women for over half a century have applied before the stork's arrival, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shorter and pain and danger is naturally avoided.

Write the Bradfield Regulator Company, Dept. E, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

How good they taste! And it takes only three things to give them to you the whole summer through: good ground, well tilled; good seeds, well cultivated; and—

The COUNTRY GENTLEMAN

Now is none too early to begin planning where you'll put your potatoes and onions and cabbages and beans. And you must grow them better than last year—it's still a patriotic duty, and you know how much better and cheaper your own fresh vegetables are than those you buy from the huckster!

Thousands of gardeners use The Home Garden—THE COUNTRY GENTLEMAN'S weekly garden department—as a text book. If you don't already know it, spend a dollar and get acquainted. Vegetables to sow early; asparagus and rhubarb; sugar and other beets; sweet corn and beans; transplanting seedlings; spraying the bugs and blights; all these will be treated in early issues. You need this information if you are to have a real garden; and 52 thick copies of THE COUNTRY GENTLEMAN will give you, in addition, usable, timely suggestions about every other phase of farm work—suggestions that will save you hundreds of dollars a year. A CHILEAN VISITOR

SOUTH AMERICAN EDUCATOR TO STUDY OUR RURAL SCHOOLS

LEARN METHODS USED

Is Advised by P. G. Holden That Nodaway County Offers Exceptional Advantages Along This Line.

Nodaway county's rural schools—those having the course in vitalized agriculture are to be visited next week by the president of the state of National School at Santiago Chile, who has been commissioned by his government to study agricultural teaching methods and vocational education in the United States. The South American educator will arrive Sunday from Chicago.

The Chilean senor will visit the schools here at the instance of P. G. Holden head of the agricultural extension department of the International Harvester Co., having been directed to him by the government. In a letter to Superintendent Bert Cooper, Mr. Holden writes that having been asked where his time could be spent most profitably, advised that he visit the rural schools here as offering the greatest advantages in studying the things for which he has come to this country. Superintendent Cooper will arrange for visits to Lasher, Harmony, and several other schools where vitalized agriculture is taught.

The Chilean will also study Normal school methods while here and expects to spend at least a day at the Normal where he will be given opportunity to study the methods employed and see the workings of the system at first hand. Mr. Holden writes he has advised President Richardson of the coming of the South American.

On his return to his home in Chile he will establish a normal school for the preparation of teachers.

TO EXPLAIN INCOME TAX LAW

Tax Expert from Kansas City Will Hold Two Meetings at Court House Tomorrow—Citizens Urged To Attend.

State Historical Society COLUMBIA

...e tax law affecting ...ss and professional ... persons with stated incomes, few have been able to correctly interpret the law as regards filling out the forms that are required to be returned to the internal revenue department.

Theodore S. Cady, tax expert of the Fidelity Trust Co., of Kansas City, will be here tomorrow and will explain the workings of the income tax law and explain the requirements in filling out the various forms. Mr. Cady, who comes here at the instance of the Commercial Club to aid the citizens in this matter will hold two meetings, one in the afternoon at 2 o'clock and the other at 7:30 in the evening, both meetings to be in the circuit court room. The information given by Mr. Cady is free and it is urged that all who desire to know the requirements of the law attend one or both the meetings.

LIKES MEMORIAL SUGGESTION

Plan to Combine Memorial and Court House Approved by Editor of Hopkins Journal.

In our judgment the people of Barnard through Mr. Rush, editor of the Bulletin of that city, have struck the keynote so far as a suitable monument for the soldiers of Nodaway county is concerned. At a meeting in Maryville last Saturday Editor Rush suggested the plan, being to build a new court house for the benefit of the whole county, with an assembly hall large enough to meet the requirements of all county meetings with space reserved in the hall for a tablest for each Nodaway county boy who made the supreme sacrifice in the war with Germany. We need a new court house and all are anxious for a suitable monument for the soldiers, so here is a chance to secure both and by so doing every taxpayer in the county will contribute his mite and it will be so small that it will not be noticably missed by anyone. We believe the people of Hopkins township will favor such a plan and it ought to meet with widespread approval throughout the county.—Hopkins Journal.

GET READY FOR TRACK MEET

Annual Event This Year Will Probably Be Held May 10, It Is Stated by Cor. Sec. Swinehart.

Inquiries are daily being received by Corresponding Secretary Swinehart as to the date of the annual track meet to be held here. While it has been impossible because of conditions during the winter resulting from the influenza epidemic to set a definite date, it is more than likely that May 10 will be named on which the annual event will be held.

Interest in the track meet this year is greater than for several years according to Secretary Swinehart and schools all over the district are making preparation to take part in the various events that will be on the program. The lateness of the date this year it is believed will attract an unusually large number of entries and an increased attendance.

NO ALARM OVER MENINGITIS

Cases in the Guilford Neighborhood Are Reported Recovering—Source of Infection Not Known.

With an abatement of the epidemic of spinal meningitis which has prevailed in the vicinity of Guilford for the past three weeks but one new case having been reported it is stated there is no cause for alarm, as with the cooperation of the state health board County Physician Dr. H. S. Rowlett has taken steps to enforce a strict quarantine on any cases that may develop.

In a statement today to the Democrat-Forum by Cary Wray banker of Guilford, he said that most of the cases that had appeared had been outside the town and within a radius of eight miles, and that no alarm was felt that there would be a further spread. The cases that developed are all reported to be recovering not more than fifteen cases incldng deaths, had been reported. The matter was brought to the attention of the county court at once he said, by the people of Guilford and Dr. Frank Wallis ,then County Physician had at once established a quarantine that had resulted in the disease being kept under control.

Mr. Wray siad that no one there had any knowledge of the source of infection and that the belief that it was brought there by a Mormon missionary was but an idle rumor that had no foundation.

BUILD UP SCHOOLS

PRES. RICHARDSON URGES PLAN FOR RURAL DEVELOPMENT

ASKS FOR APPROPRIATION

Would Show What Can Be Accomplished When They Are Propertly Supported and Managed.

Jefferson City, Mo., March 6.—The development of a limited number of rural schools, especially selected to demonstrate possible improvement and the value of the small one-room country school when properly supported and supervised, is the object for which the state normal school of Maryville is asking an appropriatfon of $10,000. Dr. Ira Richardson, president of the normal, told the appropriations committees of the legislature the other night.

It is the intention of the normal authorities, he explained, to select a number of rural schools in the vicinity of Maryville and by arrangement with the school boards pay the teachers adequate salaries, see to it that the teachers so employed are thoroughly efficient, and supervise the buildings and equipments and conduct the schools to make them object lessons, both for the districts in which they are located and for the surrounding districts. This "rural school extension work," as Richardson called it, would also be a valuable demonstration and training for the normal school student, he said.

"I don't know what you gentlemen think about it," said the normal head," but in my opinion we are going to have the one-room rural school in Missouri for a long time, no matter what steps may be taken to improve our school system. We want to subsidize and build up some of these to show what can be accomplished when they are properly supported and managed, and to prove their value to the people of their districts."

Dr. Richardson also urged appropriations for new buildings at the normal, for agricultural education of the future teachers, and for increased salaries for faculty members without which, he said, the school might lose some of its most effective instructors.

BOOZE GETS FIVE IN TROUBLE

Conception Junction Men Were Unable to Resist Temptation to Take Liquor From Railway Truck.

Two suitcases filled with whisky stood on a truck at the Great Western depot at Conception Junction yesterday.

Both bore addresses, also an irresistable odor (from leaking bottles perhaps) that caused five men gathered on the platform to cast longing eyes in the direction of the contrabrand goods. With the railroad agent having neglected to remove the booze to a place of safety, the quintette formed itself into a committee of ("ways and means."

The next act took place in County Prosecutor McCaffrey's office this morning when Lane Cogdil, Chas. and William Thompson, Virgil Lainheart and Ralph Fairbanks tried to explain their possession of the aforementioned liquor. Agreeing to make restitution to the railway company, and being advised that prosecution would be with held they were released from custody.

REDS' COUP FAILED

REPORTED SETTLEMENT HAS BEEN REACHED AT BERLIN

FIGHTING WAS FIERCE

If New Government Fails Allies Will Be Notified Germany Is Not Able to Carry Out Armistice Terms.

Copenhagen, March 6.—Settlement has been reached between the Berlin strike leaders and the government according to information from Berlin today. The strikers had the support of the Spartacides and in the fighting which accompanied the movement many persons were killed. It is reported that as a result of the agreement the soldiers and workmen's council will form an organized part of the constitution.

Earlier reports had said that Minister of War Noske was massing thousands of troops in the suburbs of Berlin and was preparing to crush the Spartacides by force. The Reds had smuggled a large amount of artillery into the city from Central Germany where the country is upset by labor troubles. Part of the city of Helle was wiped out by fires set by incindary bombs used in the fighting there.

The Spartacides have failed to carry out their coup in Berlin in connection with the general strike and it is felt that all danger is past said a Central News dispatch from Copenhagen. Minister of War Noske has 60,000 loyal troops under his command.

Berlin, March 6.—(via London, March 5.)—Street fighting between the Reds and government troops was renewed today and fierce battles raged back and forth through Alexanderplatz After the Reds captured a number of government tanks, the government forces agreed to negotiate. The Spartacides demanded possession of police headquarters and fighting is in progress as this dispatch is sent. Berlin is a veritable mad house.

Berlin, (March 5 via London) March 6.—Minister of War Noske will be appointed Dictator of Germany if the government collapses according to the belief expressed here today. The opinion was further expressed that if the government decided to give up the Allies will be informed that Germany cannot carry out the terms of the armistice and that there be further occupation of German territory by Allied troops.

Phillips of Colville Wash., who is visiting her mother, Mrs. J. S. Miller; Mrs. Humphrey Lyle and Mrs. Lowell Campbell.

THESE DURABLE SOLES WORN BY MILLIONS

"After giving Neolin Soles a thorough trial, I would not go back to the soles I used to wear even though the cost were less. I receive twice the service from shoes with Neolin Soles," writes G. P. Jones, of Omaha.

More than 10,000,000 pairs of Neolin Soles have been put on American shoes. People were quick to realize the advantages of this scientifically-made sole—its long wear, its comfort, waterproofness—and its final economy. Good shoe stores everywhere sell Neolin-soled shoes in many styles for men, women, and children.

And any repairman will re-sole your worn shoes with Neolin Soles—made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Smart Spring Coats

The top coat is finding instant favor with the women this season, because it fills a distinct place in the wardrobe, being light in weight, easily slipped on, short and comfortable, and it suits itself to almost any type of costume. Capes and cape coats are becoming almost as generally worn as the straight top coat. They have a distinguished air and are as becoming a fashion in coats as we have had for many a year.

Straight coats show novel sash belts, have groups of pockets of unusual shapes and show simple but convertible collars.

The materials are Duvet de laine, suede velour, silvertone, serges, poplins, coverts, tweeds and homespuns.

Black, navy, buftan, taupe, Pekin blue, rose, plum, khaki, Quaker gray, lapin and other Spring tones are here to choose from.

Prices range from..... $18.75 to $50.00
With unusual showing at..... $25.00, $29.50 and $35.00

Dainty Blouses

There is real grace and charm in the dainty Spring blouses which we have just received. Every woman has a place for one or more of these beautiful blouses in her Spring wardrobe.

They are of fine Georgette crepe in flesh, white, maize, tea rose and peach.

Some are beaded in various designs; some are in dainty tucked effects; others are in embroidered and lace trimmed styles.

The new round neck, the square neck and the V neck are all among the showing. Collars with hemstitching, lace trimmed and pleated frills are employed on many, while some are collarless.

These new Spring blouses are priced at $5.00, $6.75, $7.50, $8.75, $10.00, $12.75 and $15.00.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filterers of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning.

After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

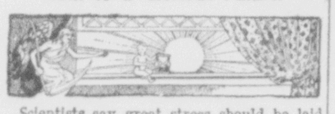
Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.



Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generations to come.

There is a splendid preparation women for over half a century have applied before the stork's arrival, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shorter and pain and danger is naturally avoided.

Write the Bradfield Regulator Company, Dept. E, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

Fresh Vegetables!

How good they taste! And it takes only three things to give them to you the whole summer through: good ground, well tilled; good seeds, well cultivated; and—

The COUNTRY GENTLEMAN

Now is none too early to begin planning where you'll put your potatoes and onions and cabbages and beans. And you must grow them better than last year—it's still a patriotic duty, and you know how much better and cheaper your own fresh vegetables are than those you buy from the huckster!

Thousands of gardeners use The Home Garden—THE COUNTRY GENTLEMAN'S weekly garden department — as a text book. If you don't already know it, spend a dollar and get acquainted. Vegetables to sow early; asparagus and rhubarb; sugar and other beets; sweet corn and beans; transplanting seedlings; spraying the bugs and blights; all these will be treated in early issues. You need this information if you are to have a real garden; and 52 thick copies of THE COUNTRY GENTLEMAN will give you, in addition, usable, timely suggestions about every other phase of farm work—suggestions that will save you hundreds of dollars a year. You can't afford to be without it!
